Road White Lining and Markings

With over 52 teams operating throughout the UK and the seal of approval from Sector 7 Highway, Riggotts is the leading road marking and line marking company in the UK.

Riggotts & Co Ltd have over 25 years of experience in the road marking industry and have built a reputation of delivering high quality results within tight deadlines whilst offering fantastic customer service, attention to detail and constant professionalism. From the country's councils to private sector clients, our extensive fleet of custom-built trucks are manned by highly trained and experienced staff to meet a wide range of clients' line marking and road marking needs.

We offer an array of styles and services so that we can create any line markings required from traditional road markings to completely bespoke lines.

Our road marking and line marking services include:

- Chevron Marking
- Zebra Crossings
- White Lining
- Yellow Lining
- Cycle Tracks
- Speed Limit Marking

School Playground

First impressions count, and Riggotts provide a comprehensive range of colourful and educational school playground line markings to stimulate and enhance play areas.

- Cat's Eyes
- Road Studs
- Reflective Road Studs

All our services are available nationally 24x7. For more information about what Riggotts can do for you call 0800 848 8414.

Riggotts cover everything from road, car park, airfield, warehouse and sports court line marking, to surface signage, anti-skid technology, specialist cleaning services and creative floor graphics.

Established in 1994, the award-winning family-run company was founded by brothers Nick and Darren Riggott. They provide line marking services using a range of state-of-the-art equipment and materials, including thermoplastics, MMA resin, one or two part epoxy and chlorinated rubber products.

The company covers the whole of the United Kingdom, and has been awarded contracts in Europe, the Isle of Man, Isle of Wight, Orkney, The Shetland Islands, Isle of Islay and The Isle of Lewis.

The Riggotts teams pride themselves on their ability to complete any project, on time and to budget – whatever the size or deadline. They offer an unrivalled, flexible, cost-effective and professional service. Unlike some of their smaller competitors, they never use sub-contractors

to maintain company quality, ensuring every project is completed to the company's stringent health and safety, environmental and quality standard.

This dedication to quality and professionalism can be testified with a glance at the company's portfolio, which includes some of UK's leading brand names – from all the major supermarkets to Travis Perkins, Virgin Media, Ikea, Royal Bank of Scotland and Welcome Break Services.

Riggotts hold prestigious awards such as the RoSPA gold medal (5 times gold winner for their dedication to health and safety), Investors in People Award, Safe Contractor approval, CHAS (Contractors Health and Safety Assessment Scheme), Construction Line and C.S.C.S. Platinum award (Construction Skills Certification Scheme) accreditation. They also hold an ISO 9001 (quality) certification, ISO 14001 (environmental) and BS OHSAS 18001 (health and safety) standards.
